Tools & Platforms: Tailwind CSS, Responsive Design, Accessibility, SEO, Node.js, Express.js, REST APIs, Firebase, MongoDB, Git, Postman, Google Analytics, Cloudinary, Gmetrix, Meta Pixel, Google AI Studio, Prisma DB, Codex

PROFESSIONAL EXPERIENCE

Software Developer – [Panorama Management Advisory Services](#) (Hybrid), Dhaka, Bangladesh

Oct 2024 – Mar 2026

- Developed responsive front-end features using React.js, Next.js, and Tailwind CSS.
- Built and maintained the [Panorama Assessment Tool](#) with a focus on seamless workflow and product usability.
- Worked closely with backend developers to define relevant APIs and support server-side DevOps integration.
- Partnered with the product team on continuous development planning, PRD execution, and feature delivery.
- Collaboratively developed AI-integrated tools and many more tools that conduct comprehensive company audits in 1–2 hours through structured questionnaires, generating instant reports powered by AI with advanced assessment features for improved actionability and insights.
- Used n8n and developed automated workflows internal and external for the operations of Panorama Assessment Tool.
- Written test cases and maintained feature release timeline for the Panorama Assessment Tool.

Software Associate – Panorama Management Advisory Services, Dhaka, Bangladesh

Mar 2024 – Oct 2024

- Ran QA testing and bug tracking for front-end deliverables.
- Created SOPs and documentation to improve development workflows.
- Tracked performance using Gmetrix and Google Analytics.

KEY PROJECTS

QUULIX – E-commerce solution [View website](#) [View repository](#)

Apr 2026 – May 2026

- Built a responsive e-commerce solution with product, cart, and checkout workflows.
- Improved conversion-focused UX using Next.js and SEO-friendly storefront design.

Plzwork – Developer and designer tool suite [View website](#) [View repository](#)

Mar 2025

- Built Plzwork as a collection of free and freemium tools for developers and designers.
- Created browser tools and CLI-friendly workflows with React and TypeScript.

GrafiXr – Digital agency portfolio platform [View website](#) [View repository](#)

Mar 2025 – Aug 2025

- Built a responsive agency website with Next.js, MongoDB, Cloudinary, and SEO optimization.
- Developed a dynamic admin panel for content and project management.
